A-Hn. Mr. Tach Bui

PROPOSED AMENDMENT

41. A method of extinguishing fires in aircraft, marine vessels and oil or vehicles, buildings and tunnels, said method comprising:

A mixture of water mist and hypoxic air having oxygen content below 16%; said mixture being generated by propulsion of water through a special mist generating nozzle using hypoxic air;

Said mixture, propelled with said hypoxic air, being released into protected area, which allows to rapidly control and extinguish a fire.

42. A method of extinguishing fires in aircraft, marine vessels and oil or vehicles, buildings and tunnels, said method comprising:

A mixture of foam and hypoxic air having oxygen content below 16%; said mixture being generated by propulsion of a foam generating solution through a special foam generating device that produces said foam using hypoxic air,

Said foam, propelled further with said hypoxic air, being released into protected area, which allows to rapidly control and extinguish a fire.

I proposed to change the pre-amble to make it more uniform with the rest of claims 40-45.

Please review and provide any comments. My fax number is 571-273-898 (Right Fax).

Sincerely,

Dear Examiner,

I agree with the proposed Amendment of claims 41 and 42. Please proceed further with your examination of the application.

Respectfully, 
12.14.04
